

In a first ever, Unity Worldwide Ministries has committed to advancing EarthCare efforts by assigning staff assistance to the all volunteer EarthCare core team.

Empowered by this added capacity the EarthCare team is developing a twelve month EarthCare 12 Powers initiative which will provide ministers and spiritual leaders with a variety of materials and resources they can use in delivering Sunday messages, youth programming, classes, etc.

At the worldwide people's convention in June, EarthCare was one of the three conference tracks which included a powerful keynote and several workshops.

Finally, there are two new members of the EarthCare core team: Eliasa Sobogal and Marcela Ramirez.
