

Uniteens Celebrate ONENESS returning to CAMP CISPUS Unitreat

JUNE 19 -24th, 2022 !!!!!

We are so grateful to offer our Uniteens and their supporters this 34th Unitreat. All forms are online and must be printed and sent to Chris Castaldi, either by parent or church. Payment can be made online at our Regional website with notation as Unitreat payment and campers name.

<https://www.unitynwregion.org/summer-unitreat/>

Many changes for everyone have happened and are still happening!

Our hope and prayer is that the return of Unitreat supports the Uniteens in returning to their Unity Centers and engaging their hearts & minds in this Spiritual Being having a Human experience. The Unitreat Team is gathering April 30th to make final plans for Camp ONENESS! We have been holding this possibility of Camp for two years and hope Sponsors, spiritual adventurers will join the team during camp. We humbly ask for volunteers to join us to help with the success of this camp. Volunteers can stay for as little as two nights.

Cispus has a change in Challenge Course management resulting in the **NEW CISPUS Liability form**. Please fill out both forms completely. Our (Unity) forms support us 24/7. The Cispus form supports the Challenge course when we are on it. We must have TWO PHONE NUMBERS & TWO CONTACT persons in case of an emergency. Thank you for attending to all the information requested by Cispus and Unity.

COVID – We are in our 3rd phase of this ever-changing virus and we will be vigilant during camp. Many Unitreat counselors have experienced a Cispus camp during the last two years. Cispus staff and facilities has this well in hand. We are clear that any camper with confirmed contact with a COVID positive person must arrive at camp with a negative test and isolation from said positive person since the campers negative COVID test. Anyone with symptoms cannot register into camp on June 19th. If we are sharing the camp with other groups we will be separate in eating, activities, lodging.

The sad news for Cispus and us is that the High Course is closed until Summer 2023. The big Douglas Firs have a virus making them not supportive of High Course loads. A new pole High Course is designed and will be completed by next summer. For 2022 we are replacing the High Course with a new climbing option. Cispus Learning Center is foundational to our Unitreat and thousands of other youth in Leadership and Outdoor school. We support them and keep their emergence post pandemic in our prayers. Many projects created by our Uniteens in the past remain and shine at Cispus. Every year there is a collaborative creative project and a service project that give back to Cispus. I can't wait to see 2022 project emerge!

May you honor the Oneness in all, learn the Love lessons that come your way as you support the loved ones in your community and your heart.

Blessings Abound, Chris Castaldi your Uniteen Consultant & Unitreat Director
